

Roller Grinding Attachments

Direct Drive Roller Grinder

PROSCO Inc. 5hp Grinder
with 12 inch wheel

PROSCO Inc. is setting a new industry standard with grinders engineered specifically for the rubber and urethane roller industries. All of our grinders are custom designed to fit your lathe, which assures quick and easy installation and efficient operation.

Our innovative optional features such as tapered shafts for wheel mounting lower vibrations and improve surface finish. We also offer grinders for grooving as well as other custom applications.

Typical Grinder Installations
